

A False Issue.

Can Mr. PULITZER afford to misrepresent the Democrats of Virginia day after day? Has he no regard for his reputation? Has not his attention been called over and over again to the fact that he was misstating the position occupied by them? Is it consistent with his idea of true journalism to persist in making misstatements after they have been repeatedly corrected? Here, for example, is what he said on Thursday last in reply to a declaration of the Macon (Ga.) Telegraph that the World would "never redress the Democratic party on the line of its new race-policy Democracy." We quote:

"Suppose the able editorial gentlemen down in the tropics, who are still battling to maintain the superior-race theory so prevalent before the war, band themselves together and insist on inserting in the National Democratic platform a clause to exclude a white man's Government."

The Supreme Court of the United States has decided that a law forbidding the intermarriage of whites and blacks is a constitutional law. The same course of reasoning will lead to the conclusion that a law forbidding the intermarriage of the two races in school boards would be constitutional. Let the negroes teach and manage their own schools, and the whites teach and manage their own schools, is all that the Democrats of Virginia say on this subject. And it would be just as sensible to propose to insert in the next National Democratic platform a clause reading, "Resolved, That this is exclusively a negro Government," as to propose to insert the clause suggested by the World, seeing that the law proposed in Virginia would operate with perfect equality upon both races. The Democrats of Virginia, in a word, ask no right or privilege for their own race which they do not willing to accord to the negro race. So that the Democratic party of the Union would run no risk whatever of being damaged in the estimation of even the northern people if they were to formulate a creed of which the following should be one of the articles:

"Resolved, That the Democratic party is in favor of conducting the public schools as to keep the two races entirely separate in them."

Does Mr. PULITZER perceive that he has totally misrepresented the demands of the Democrats of Virginia? If he wishes to know how mixed school-boards operate he may learn by reading the following report of what occurred at a meeting of such a board in this city on Thursday last. We quote:

"He (Paul, the Governor's negro messenger) expressed great respect for Mr. Manly, and averred that he believed that he was the friend of the colored race. He said that he had been impressed upon too long already, and he did not want the Superintendent or anybody else to dictate terms to him. He wanted fair play."

Again:

After Mr. Garnett finished reading his nominations, Mr. Reddy nominated a colored man named D. B. Williams, a former teacher, discharged by the old Board. Mr. Hill said Williams was the biggest bunch of conceit he ever saw wrapped up in so small a compass. He thought him incompetent.

Mr. Reddy advocated Williams's election. Superintendent Garnett said Williams was "a crank," and that he had a fair trial and was discharged as teacher for incompetency and insubordination. He said Williams had been as good as called a colored man, and he did not want a man as teacher that would come before the Board and talk in that way. He thought it would be treating him with disrespect to elect him.

Paul (negro) said he did not think it right to call Williams a crank. He would like to see Mr. Hill or Mr. Garnett hang Williams on any question. "There wouldn't be a piece of them left as big as his finger-nail." He wanted him to have fair play. He had been imposed on and Mr. Garnett was prejudiced against him.

When the election of principals of the Navy-Hill School came up, Mr. Garnett nominated the old incumbents, saying that he couldn't find a colored man competent. Whereupon Paul (negro) said, sneeringly, "Certainly—because they are colored. That is the reason I am not fit to be on the School Board."

Notwithstanding the Superintendent's assertion of competency, the old principals were turned out and new ones put in their place by a vote of 4 to 5.

The votes of the two negroes, it will be seen, thus turned the scale in favor of removing the old and efficient principals and putting in new and incompetent ones.

If these things be done in the green tree, what will be done in the dry? The meeting was the first ever held by the mixed Board for the election of teachers.

The white people of Virginia are also requested to read the above. We don't think it would require many such scenes as the one there reported to open their eyes to the fact that mixed school-boards must tend to degrade the white race. To see elected as a school teacher a negro crank who "had as good as called" the gray-haired Superintendent of Schools a liar cannot but be exceedingly distasteful to the white people of Virginia. The other proceedings of the mixed Board we need not comment upon.

The Lynchburg Convention will speak for the Democratic party of Virginia, and its utterances will carry a weight which belongs to those of so important a body. It is not for the press to lay down platforms for the party. There is a difference of opinion as to what should be the planks of that platform. We trust, however, that the Democratic papers will not commit themselves irrevocably against any plank which is likely to be put into the platform. Let us have no dissensions, if these can possibly be avoided. We like the resolution adopted in Smyth county and the one adopted in Lee county, in the meetings which appointed delegates to the Lynchburg Convention. We refer particularly to the resolutions which touch the public schools. Nevertheless, if in the wisdom the Lynchburg Convention shall lay down a platform having to such plank in it, we shall not complain, whatever we may think as to the policy of silence on such a subject. The candidates for the Legislature will supplement the work of the Convention in that case.

THE TARIFF ISSUE.—The Republican State Convention of Minnesota adopted on Thursday the following:

"We believe in maintaining a system of internal revenue levied upon articles of luxury, such as whiskey and tobacco, and, together with a system of duties on imports, so applied as to provide revenue for the necessary expenses of the Government, and so adjusted as to encourage the development of the manufacturing and labor interests of the whole country."

So far as the tariff question is concerned, this plank seems to us very like the plank laid down by the Democrats of Ohio.

Dickinson College, Pa., has just conferred upon Hon. S. J. RANDALL the honorary degree of Doctor of Laws. Among all the men in the United States there are few if any better entitled to that degree.

It is said that if DORSEY joins the Democratic party, as he threatens to do, it will be weaker than before. Why would he suspect DORSEY of being a minus quantity?

Lee County Democratic Platform.

On last Tuesday, the first day of Lee County Convention, according to previous call, a convention of the Democratic Party of Lee County was held in the court-house for the purpose of appointing delegates to the State Convention to be held in Lynchburg on the 25th day of July proximo. The meeting was well attended and the proceedings were harmonious. At 1 o'clock the county chairman, Mr. C. T. Duncan, called the house to order and explained the object of the meeting. Esquire Harvey M. Hall was elected chairman, and Charles Willoughby was elected secretary.

Mr. Hall, on taking the chair, made a short address, and announced the Convention organized and ready for business. Mr. C. T. Duncan then presented the following resolutions, which were unanimously adopted:

1st. The establishment of a State college for the higher education of white females, out of the land-scrip funds coming to Virginia from the United States, aided by necessary State appropriations.

2d. The endowment with the same funds of the Normal College near Petersburg, for the higher education therein of both sexes of the colored race.

3d. No colored trustees for any white schools.

4th. All white female teachers who have been removed to give place for Mahone Radical teachers to be reinstated if possible.

5th. Denounce the turning out of faithful female postmasters by the Boss Radical to give their places to his henchmen.

6th. Opposition to mixed schools of colored and white pupils to any extent or in any form whatever.

7th. The intermarriage of the white and negro races to remain prohibited forever in Virginia.

8th. White people to rule Virginia.

The purpose of these planks, Mr. Editor, is to do justice to the female white citizens of both races, and to give the colored people in solid planks "behind the throne," and in line of battle around the firesides, and in the social circles throughout the State, against Mahone's radical policy of degrading the white people. Such a policy will gain thousands of votes for the Democracy at the election next fall.

Let those planks be incorporated into the platform of principles of the Democratic party. Hasdill.

That we are in favor of the development of the mineral and agricultural resources of the Commonwealth, and to this end we favor the passage of such laws by the Legislature of Virginia as will afford the greatest encouragement and best protection to the farmer, and that a capital investment be extended to capital to seek investment in our State.

That we demand reform and economy in the administration of every branch of the Government, both State and Federal.

That we endorse, approve, and pledge ourselves to support and maintain the settlement of our State debt, as made by the last Legislature of Virginia by the three acts known as the "Hildebrandt settlement."

That we are mutually opposed to the repeal of said acts or to the reopening of said question as a political issue before the people. That, therefore, we will vote for no man or set of men who are in favor of or will in any way lend their aid or assistance to the reopening of said question, or any part of it, or who will aid in any way either directly or indirectly in the reopening or agitation of said question as a political issue before the people.

That we respectfully recommend to the State Board of Education that they should have efficient reorganization of the Democratic party of the State on a platform that will bring our party into full accord with the National Democratic party—on such a platform as every Democrat in the State, irrespective of past differences of opinion on State debt, can stand.

The appointment of delegates was then proceeded with, and the following gentlemen were elected:

Rose-L. H. District—H. C. T. Richmond, delegate; P. P. P. alternate.

White's—Thomson S. Ely, delegate; E. S. Bishop, alternate.

Jonesville—Allen H. Martin, delegate; James W. Orr, alternate.

Rocky Station—W. S. Hurst, delegate; Dr. P. H. Allen, alternate.

Yokum Station—H. C. Bailey, delegate; Dr. D. S. Reaser, alternate.

For the county at large, Hon. Lee S. Fulkerson, delegate; Fred R. Stickley, alternate.

On motion, the Lee County Sentinel and other Democratic papers of the State are requested to publish the proceedings of this meeting.

H. M. HALL, Chairman.
Charles Willoughby, Secretary.

Mr. Funkhouser, Stand Up!

In our last issue we stated that it was being charged by persons in Rockingham that Rev. A. Paul Funkhouser, the appointee of the Boss to the position of superintendent of schools for this county against the white people of Rockingham, said to the teachers and all the school trustees of Rockingham had invited a colored man to his table, and that he had sat down and broken bread with him. We tendered that gentleman the use of our columns to make any correction of the report that he saw fit, and the gentleman does not respond. This is not marvellous, neither does it create wonder in the minds of our people, for they know that the charge was true, and that the citizens of this county—the white people—were entitled to Mr. Funkhouser. "Stand up and receive the sentence which your act deserves at our hands!"

Just at this time the political war which has cursed our State in the shape of Mahone's administration is making itself manifestly obnoxious to all the manhood in the Commonwealth by its tyrannies and corruptions—made possible by the power it has received at the hands of a man who has elevated to the Chief Magistracy fifty millions of freemen by the bullet of a dastardly assassin. There are men, and scores of men, in Rockingham who are asking themselves seriously the question, "What is the cause of this disgraceful debauching of a public trust to stop?" The answer is, "The cause is the power of the State Board of Education, the sickly satellites of a contemptible Boss, in fastening upon our people a man whom they did not want, and against whom they had expressed their opinion by an almost unanimous vote from those most interested, and he started a feeling that we believe will not down. In another column we publish a communication from "one of the 172," in which he asks a question which should cause Mr. Funkhouser to pause and reflect before he undertakes to force himself upon an unwilling people. He may be ready to eat with colored people, but the white men of Rockingham will have none of it. When the teachers of Rockingham and the whole county be treated with him in the same way, he will not only be humiliated, but against the solemn protest of the teacher who provides within; he will be a present, continual, everlasting, and moving monument to Mahone and his pliant tools, the Board of Education. It seems to us that person with the proper feelings of self-respect in his bosom

"Would sooner be a dog, and bay the moon," than such a man holding such a position.

The teachers of Rockingham, the school children of Rockingham, and the whole people of Rockingham love our free schools, and our free-school system, and they will not suffer them to receive a blow at the hands of any man, or any set of men, and the individual who stands in the way of their preservation and success will be long and find that it were better for him had a mill stone been hanged about his neck and cast into the depths of the sea than to oppose them in this matter.—Rockingham Register.

From all over Virginia the tidings come that old Democrats—former members of the old Readjuster and Debt-Payer parties—are wading into the line once more to fight against the Mahone ring, which, with its negro battalions, is attempting to fasten upon the State. The plots of this ring of adventurers are at last so plain that all men can understand them. It has narrowed down to the single question, Shall a clique of a few men be put over the respectable white people of Virginia by an army of

negroes? Let the honest farmer and working-man throughout the State understand this.—Buckham Democrat.
